To RSVP, please email [editorial@thecapitolforum.com](mailto:editorial@thecapitolforum.com).  
A light lunch will be provided.

### **A Crisis Wasted: Barack Obama's Defining Decisions**

*A Crisis Wasted: Barack Obama's Defining Decisions* tells the story of how Barack Obama determined the fate of his presidency — months before he was inaugurated. Based on dozens of interviews with actors in the Obama transition, as well as the author's personal observations, this book provides unique commentary on the fateful decisions of late 2008. The ramifications of the Great Recession are not behind us; the battle between progressivism and neoliberalism rages on. Those who seek the presidency in 2020, too, will face decisions like those confronted by Barack Obama. Everyone should learn from this critical and little-understood history.

*A Crisis Wasted: Barack Obama's Defining Decisions* will be available for purchase at the event. You can learn more about the book on its website [here](#).
